What is World of Mind Maps?

World of Mind Maps is a repository of the most awesome Mind Maps ever created. The most critical part of making these Mind Maps is now complete.

We are now building the technology to make these Mind Maps available for public. This is where I need your support.

To commemorate the Launch of World Of Mind Maps, and to make it easy to raise funds for the digital platform, I will print a special "Collector's Edition" book that I intend to gift only to early premium members of the digital platform.

World of Mind Maps

Here are the specifics of the Collector's Edition.

1. It will not be available for sale.
2. Available only to those whom I gift it.
3. I plan to print only 5000 copies. So, it will soon have an antique and scarcity value.
4. It will come with a certificate of being unique along with a copy number.
5. I will personally sign it.

The premier membership is planned at Rs 10,000/- for now. Here's your offer. (Valid till Nov 30)
